BACKGROUND:

<https://www.millpark.co.za/>

The Mill Park housing project is the Deferred Ownership Pilot Project being developed in Bredasdorp, by the Cape Agulhas Municipality. Deferred Ownership is also known as 'Rent-to-Own' or 'Rent-to-Buy'. The project is part of the Finance Linked Individual Subsidy Programme (FLISP) where households with an income between R3 501 to R22 000 per month may qualify for the FLISP subsidy if they meet the relevant criteria.

If, as a prospective purchaser, you are considered creditworthy, you will be assisted to apply for a mortgage bond and a FLISP subsidy to buy your first home.

If you are not able to qualify for a mortgage bond due to your credit score, you can register for the 'Rent-to-Own' option. This will allow you as a prospective home-buyer to rent a new house for 24 months, after which you will have the option to purchase the property. If your credit score is too low, you may not qualify immediately and first have the opportunity to improve your credit score and affordability.

Deferred ownership pilot project a breakthrough into the home-ownership market

18 August 2022

Six weeks since its launch, the Mill Park Home Ownership Project in Bredasdorp, Cape Agulhas is proving to be a welcomed breakthrough into the home ownership market for aspirant buyers.

On June 21, the Minister of Infrastructure Tertuis Simmers, conducted a sod turning ceremony for the 106 units affordable housing programme project. The project is aimed at assisting aspirant first time homeowners, through either a home loan or a Help Me Buy A Home (FLISP) subsidy. A first of its kind, the Deferred Ownership (rent to own) structure was launched through this project. To date, the project already has eight (8) buyers pre-approved through sale, home loan and Help

The Rent to Own qualifying applicants will be able to rent their future home for a period of 6 to 24 months. This is combined with consumer housing education and financial literacy. The Help Me Buy A Home subsidy and 24 months' deposit savings will be deducted from the purchase price as a price reduction mechanism after the 24 months rental period.

Minister Simmers said: "the project is proving to be the catalyst we anticipated. The show house is nearly completed, and we will be unveiling it in due course to the public. The department has been inundated with enquiries and I am certainly delighted that some of these have been converted into applications and pre-approved sales. Through this project the Western Cape Government continues to create an inclusive society with equal opportunities for all."

The qualifying criteria for the Mill Park Deferred Ownership /Rent to Buy Project, include:

- Applicants need to reside in Bredasdorp or the broader Cape Agulhas Municipal Area;
- Earn between R 3 501 to R 22 000 gross combined income per month;
- Have not previously owned property;
- Have not previously received a government housing subsidy;
- Must be a South African citizen or have a permanent residency; and
- Be married, cohabitating or have a financial dependent.
